MATTISON B. JONES INVITED TO RUN FOR GOVERNOR

Glendale Democratic Club
Urges Local Man to Let
His Name Be Used

At a meeting of the Democratic club of Glendale, held last night for the annual election of officers, the political situation in the state was thoroughly discussed, particularly in reference to "the deplorable state of affairs now existing under the present republican administration," the club announces.

In the course of the discussion the fact was brought out that a strong man was needed to head the democratic ticket for the coming state election, and after a thorough canvass of the field the club unanimously determined on the selection of Mattison B. Jones as the strongest man to make the race for governor on the democratic ticket.

The club endeavored to get in touch with Mr. Jones at his home, to ascertain his views relative to the matter, but found that he was out of the city, and the secretary was instructed to get in touch with him and find out whether or not he would permit his name to be used as a candidate for the Democratic nomination. In the event a favorable reply is received from Mr. Jones, steps will be taken for the perfection of a strong organization, with "the view of putting the government of this state back into the hands of the people," the club announces.

Local Rotarians at Meeting in Pasadena

More than a dozen Rotarians from Glendale attended the luncheon yesterday noon of the Pasadena Rotary club and found that organization to be made up of "live wires." C. C. Cooper, president of the local club, J. Herbert Smith, P. J. W. Henry and George Karr, said a few words in behalf of Glendale while Harrison W. Hall, southern California representative of the Roger Babson Statistical Organization, made the principal address.

Today's World News In Brief (By International News Service to Glendale Evening News)

GEORGES CARPENTIER HAS ATTACK OF INFLUENZA
PARIS, Jan. 19.—Georges Carpentier, light-heavyweight boxer, is still in bed at his home suffering from influenza.

CONDITION OF POPE BENEDICT DECLARED UNCHANGED
ROME, Jan. 19.—"The condition of Pope Benedict XV is unchanged," said a bulletin issued at the vatican this afternoon. "His temperature is lower and there has been no extension of the catarrhal symptoms." The pontiff was compelled to take to his bed after contracting a severe cold, which led to influenza and bronchial catarrh. He had a temperature of 103 this morning which caused anxiety. He has had difficulty in breathing. He is in his 68th year.

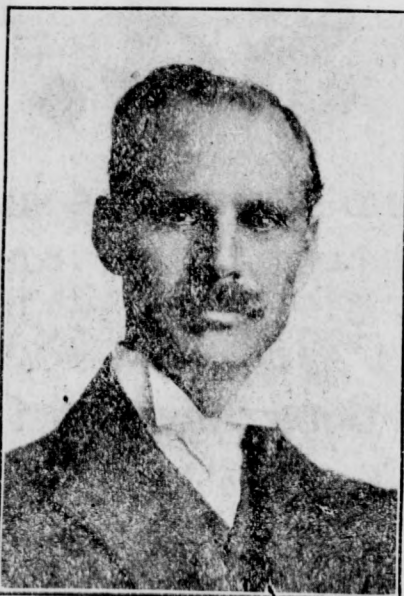

MAY SUSPEND HIGH SCHOOL SENIORS FOR BRANDING
SAN RAFAEL, Jan. 19.—Ten high school seniors were expected to be suspended today for a period of six months as a result of an investigation of the branding with silver nitrate of the faces of ten freshmen who were being "initiated" by the upper classmen. The freshmen were keeping out of sight today patiently waiting for the chemical blacking to wear off. Physicians told them to be patient. "Only a matter of time; nothing serious," they said.

MRS. AUDREY CREIGHTON-RYAN IS DEAD FROM POISON
PARIS, Jan. 19.—Mrs. Audrey Creighton-Ryan, 22 years of age, California music student, who accused her husband, Thomas S. Ryan, of Muskogee, Okla., a writer, with forcing her to swallow three bichloride of mercury tablets at the point of a knife, died in the American hospital at Neuilly this afternoon. Ryan, who was arrested upon information furnished by Mrs. Ryan and her mother, denies any guilt and contends that his wife swallowed the poison with suicidal intent.

SHOW GIRL IS WITNESS AT TRIAL OF ARBUCKLE TODAY
SAN FRANCISCO, Jan. 19.—Zey Prevon, show girl guest at the gay Arbuckle party last Labor day, following which Virginia Rappe died, was the first state witness called to the stand today to testify in the second trial of Roscoe ("Fatty") Arbuckle for manslaughter. Like Alice Blake, Miss Prevon's memory had dimmed during the interval between the first and second trials. She related the story of the party, described the pajama-clad guests and told of the drinks served.

IMPORTANT RECORDS IN MORSE CASE ARE DISMISSED
WASHINGTON, Jan. 19.—Important records needed by the federal grand jury in investigating charges of conspiracy and embezzlement against Charles W. Morse, New York financier and ship builder, are missing and the progress of the case has been delayed, according to a report to Attorney General Daugherty today from United States Attorney Gordon of the District of Columbia. Gordon is understood to have indicated that the work of the grand jury had "struck a snag" pending the unearthing of vital facts contained in the missing records.

BOWLING LEAGUE FORMED BY ELKS

Tournament Is Expected to
Open First of February;
Select Twelve Teams

About thirty bowlers and members of the Glendale Elks lodge met at the clubhouse last night for the purpose of formulating plans for the proposed Home Talent Bowling League, which opens on Wednesday night, February 1. James Apfel and Bert Ward, president and secretary, respectively, of the organization, were in charge of the meeting. The business of the meeting consisted of the drawing up of plans for the distributing of the prizes, picking of teams, arranging of the schedule and numerous other details. The personnel of each of the twelve teams, which will be announced within the next few days, will be selected in an effort to make the strength of all teams equal so that no handicaps will be necessary, as was the case in the recently completed House tournament.

URGE PARENTS KEEP BETTER WATCH ON YOUNG PEOPLE

Members of Union High School
P.-T. A. Pass Resolution
Asking Co-operation

The observance of authority and rights and property of others by the students of the high school was the topic considered at the regular meeting of the Parent-Teacher Association of Glendale Union High school, which was held at the school yesterday afternoon. Mrs. E. B. Wyman presiding, and at which the following resolution was adopted:

"Be it resolved, that the Glendale Union High School Parent-Teacher association pledge its co-operation with the faculty in all matters of discipline and student welfare.

"Further be it resolved, that this association endeavor to bring the parents to a realization of their responsibility in having the students observe authority and the rights and property of others.

"Further be it resolved, that the faculty co-operate with the parents by notifying them of cases of infraction of the rules of the school or well-grounded suspicion of same."

Responsibility of Parents
The meeting was called to order by Mrs. E. B. Wyman and after routine business had been transacted, several of the citizens of Glendale, including W. B. Kirk, Charles B. Guthrie, E. H. Sanders and L. T. Rowley, were introduced and spoke on the subject under discussion for the afternoon.

The responsibility of the parents in building up the character of the children was one of the principal points of these various talks. Some were of the opinion that in the event of small violations that more publicity should be given to those committing same and in this way decrease the tendency of other students to follow in that line, while others were opposed to branding these children.

SAYS STATESMEN NOT WORLD HOPE

Dr. Cortland Myers Speaks
Last Night on Problems,
Presbyterian Church

Dr. Cortland Myers, late of Tremont Temple, Boston, last night spoke to a large audience at the Presbyterian church.

Tonight he will address the congregation again in an attempt to answer the question: "In these startling world changes where can we find any certainty?"

"We are living in tremendous times," declared Rev. Myers last night. "The world-sky is covered with thick black clouds. There is no use trying to be blind. Some, heart-broken and discouraged even though in wealth, end their lives; at the same time, others with nothing are rejoicing in life. Then there is something more to life than the material. Expectation can't be placed in material things—they fail. But your expectation in Jesus will always be more than realized."

"In the end, wicked conditions of today, where are you going to find any place to put your trust? Society is made up of individuals and God's plan is saving them one by one. That is what we have to do."

Watch Out for China
"In the affairs of the world today the biggest matter is China with its enormous population and its matchless staying quality—its wonderful power and patience. But some day watch out! China's patience will reach its end under the wrongs put upon it."

"The hope of the world is not in statesmen and conferences. All the expectation is from God. He has never dropped the scepter. Every nation that has not needed God has had to go under. If your expectation is not in the return of Christ, you are living in a dark world."

Ralphs Building Is Near Completion

The Ralphs building on the north-west corner of Orange street and Broadway is now being rushed to completion. Dr. Harry C. Smith, member of the building committee of the I. O. O. F., stated yesterday that the lodge probably would be able to take possession in another two weeks or month. Meanwhile, the interior bustles with a number of workmen plying different trades. Painters are about half through tinting the walls; plasterers are still at work down stairs, and carpenters are laying the floors.

Glendale's Gateway Markets, at Brand and San Fernando, Will Open on Saturday; Dream of George B. Karr Has Now Come True

By GIL A. COWAN

A dream came true—the Gateway Markets at the intersection of Brand and San Fernando boulevards in southern Glendale which will be opened Saturday.

One sunny day last August George B. Karr, proprietor of the Baldwin Shirt Factory at Parsons, Kans., motored to Glendale for a visit with a friend. He immediately saw the possibilities of this growing city and within a few hours he had been inducted into the Chamber of Commerce.

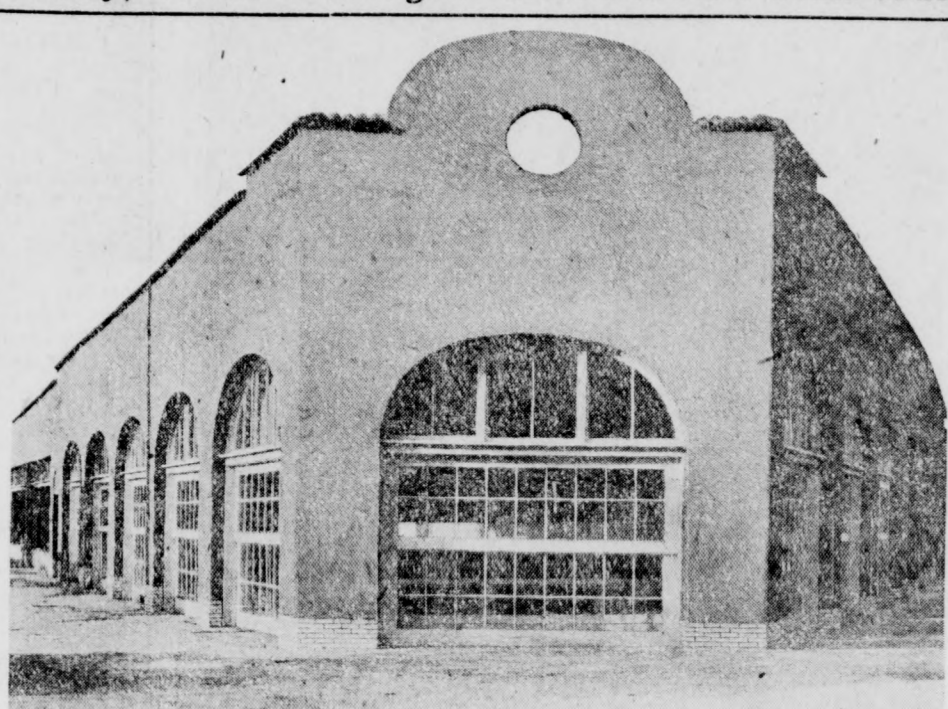

Friends he found in this energetic community and, as he had come to California with the intention of establishing a Pacific coast branch of his custom made shirt factory, he said to himself—"Why not Glendale?"

It didn't take long for Secretary James M. Rhoades of the Chamber of Commerce and other boosters to tell him why Glendale was the best place on earth.

As a result, Mr. Karr purchased the prominent business corner, contracted for the building which today see pictured, bought a home, built another house, and now has a bungalow court under way to accommodate the factory employees whom he is bringing from the sunflower state.

The markets which will open Saturday are sub-leased by Claude Caswell, who has had years of experience in the meat business here. The four other storekeepers in the big building will be ready for occupancy in about two weeks, it is said. The R. L. Kent Company, contractors, rushed the building to early completion.

Besides Mr. Caswell's meat market, which represents an investment

of approximately \$6,000 in fixtures and refrigerating plant, there will be a model bakery conducted by Lee & Nuhn; Franklin and Spofford will have the grocery department; George W. Taylor will handle fruits and vegetables. Fred Heal will have a ready office there and a soda fountain and luncheon are to be established. An orchestra has been employed for the opening Saturday and refreshments will be served the public by the various dealers.

In the other rooms C. T. Tompkins will have a drug store, the Wilson-Bell Hardware company have leased another room while a dry goods man is being sought to make the community center complete. Mr. Karr's shirt factory will occupy a large rear room. Free rest rooms are another feature worthy of mention.

There will be 40 to 50 people employed under the one roof, the majority of whom will be employees of Mr. Karr. He believes in building industry along the line of serving others and his plans are successfully materializing. It is impossible for a photograph at this time to do architectural justice to the unique building fronting on two of Glendale's most traveled boulevards, but the many passengers on the Pacific Electric to and from Los Angeles will see the structure and all Glendale will consider it a monument to a big man's enterprise.

BIG BANQUET WILL BE HELD TO AID SCOUT COUNCIL

Date Is Friday, January 27,
and Many Features Will
Appear on Program

Friday night, January 27, has been set by the Boy Scout Council for the firing of the first big gun in securing the finances necessary for putting over the Boy Scout work in this vicinity for 1922.

A large banquet will be held in the new Chamber of Commerce banquet room at which representatives from practically every civic, educational, fraternal, patriotic and religious organization in the city will be present.

Invitations to the stellar affair have been sent out by Roy L. Kent, Secretary of the Council, to the various organizations. However, there are so many organizations in Glendale that it is quite possible that some have been overlooked and in this case such organization is asked to communicate with Mr. Kent at once in order that reservations may be made.

Only 250 May Attend
As the banquet room, though the largest and most spacious in Glendale, can only accommodate 250 people comfortably it has been necessary to limit the number of those attending to that number. Accordingly no one may attend the banquet without first securing a table ticket. These have already been sent to the heads of the various organizations.

At the present time over fifty organizations are included on the invitation list. Each organization or group of representatives will be seated at individual tables and a card bearing the name of these will be placed upon this table. The organizations will be vying with each other to have their representatives (Continued on Page 5.)

High School Students to Visit Large Garage

The general garage of the Southern California Edison company at 1515 East First street, Los Angeles, will be visited this afternoon by a number of boys enrolled in auto shop work under Bert Rolfe at the Glendale Union High school. The trip will be made via auto and arrangements have been made to take the boys on a tour of the premises. It is understood that the Southern California Edison company has 1000 automobiles in service in the vicinity.

Among the boys who have been invited to join the party are: Frank Covington, Paul Friebling, Francis Hess, F. Kinnam, William Miller, Robert Roach, Glen Roberts, Charles Stewart, Walter Sullivan, Horatio Butts, William Empey, Ray Gelb, Charles Titus, Charles Thompson, William Treasler, Arthur Wetton, Ray Goss, George Jewett, Tom Morgan, George Neyton, Gordon Kingley.

WOULD YOU LIKE LITTLE GRAY FOX TO BE YOUR PET?

Ralph Brown Has One That He
Captured Last Sunday in
Antelope Valley

How would you like a little gray fox for a pet?
Ralph Brown of 602 South San Fernando Road has one nine-months' old which he captured alive last Sunday in the Antelope valley, while on a hunting trip.

The docile drove the shy animal into a chicken wire entanglement where the men of the party picked it up and while it snaps and bites a bit, Mr. Brown says it is as harmless as a puppy.

Already \$75 has been offered for the pet and representatives of Sunset Canyon Country club were in Glendale yesterday considering its purchase. It is said to be one of the few of the fox family caught without injury and its bushy tail is as long as its body. It measures a little more than three feet from the tip of its nose to the end of its tail.

T. L. TOTMANS IN THEIR NEW HOME

Attractive Residence Built by
B. W. Sherwood Has Many
Fine Features

Mr. and Mrs. T. L. Totman have just taken possession of their new home at 537 West Lexington drive. The house, which is of the quaint Flemish type, was designed and built for them by B. W. Sherwood of 313 South Brand boulevard.

The pretty new place has many out-of-the-ordinary features. The dining room, facing the mountains, is three sided, entirely of glass, with the new tavern ceiling. There also is a built-in icebox, breakfast nook and side bracket lights throughout.

Mr. Totman, who is manager of Chaffee's store, No. 30, at 115 North Brand boulevard, recently sold his former residence at 510 North Central avenue.

Mr. and Mrs. Waterfall Return to Their Home

Mr. and Mrs. Benjamin Waterfall of Berkeley were visitors in Glendale, they having spent two weeks visiting with friends in various parts of Southern California. Their return trip to the northern city was made last week, they being accompanied by Miss Marjorie Imler of 336 West Park avenue, this city, who is a student at the University of California. Miss Imler, who has just entered her last semester at the state institution, will graduate May 17.

COMMITTEE CHOSEN TO AID WORK OF MUSIC CONTEST

Various Details of Project Are
Outlined at the Meeting
Held Last Night

Representatives from the various civic organizations and women's clubs met at the high school last night to formulate plans for the music memory contest to be put on in Glendale under the direction of Mrs. Dora Gibson. The following committee was appointed, which will be enlarged upon later:

Mrs. Dora Gibson, chairman; Mrs. Estace B. Moore, Miss Marie Brennan, George U. Moyse and Richardson D. White, vice-chairmen; Mrs. Warren Roberts, chairman of finance committee; Miss Marjorie Yarik, chairman of publicity; Frank Salmacia, chairman of phonograph records; Fred V. Shuck, chairman of player piano and Ampico records; Mrs. G. D. Roach of the music section of the Tuesday Afternoon club, Mrs. Edith Gregg of the Business Women's club, prize committee.

Other representatives present included Bert Short of the California Academy of Music, Mrs. Ed. M. Lee of Chapter L, P. E. O., Mrs. E. T. Van Etten of Chapter A. H. D. E. O., and Irving Oliver of the American Legion and Elks. Mrs. Charles Parker of the Madrigal club. As soon as representatives from the other organizations have been appointed their names will be added to this list and the complete list of chairmen of the general committee will be given later.

COLD TONIGHT AND HEAVY FROST IS PREDICTION

No Damage Done Vegetable
or Citrus Crops; Reports
From Other States

The official weather forecast for tonight and tomorrow, as received by The Evening News over its International News Service leased wire is colder tonight, with heavy frost. Here is the prediction:

"WEATHER: Fair tonight and Friday. Colder tonight with heavy frost."

Although low temperatures prevailed in Southern California last night and early today, it was said no damage was caused to fruit and vegetable crops. Because a wind was blowing it was said that dangerous weather conditions did not develop.

The minimum Southern California temperature was 31 degrees recorded at Pomona. The temperature in the citrus belt ranged from 31 to 38 degrees. Snow fell at Redlands but melted in a few minutes. When snow has fallen in that vicinity in past years fruit has not been damaged by frost.

Frost warnings being issued today by the Los Angeles office of the United States weather bureau, it is expected citrus growers will have to resort to smudging tonight to protect the orange and lemon crops.

The lowest temperature recorded in Los Angeles was between 40 and 41 degrees shortly after 5 o'clock this morning.

Cold In North, Too

SAN FRANCISCO, Jan. 19.—Northern California shivered today, temperatures having fallen during the night to the freezing point and well below.

A Medicine Hat gale blew in Golden Gate and brought with it the coldest weather of the winter. Redding reported skating on Turle Bay, an arm of the Sacramento river, for the first time in thirty-five years. Fresh water ponds in other parts of the northland were coated with a light film of ice this morning.

Interior points in what is known as the "hot belt" likewise experienced temperatures of from 2 to 4 degrees below freezing while Penney, Shoshone county, reported a temperature of 22 above.

The weather man held little promise for warmer weather.

"The high pressure area causing the cold wave in the San Francisco forecast district is central this morning over Northern Nevada," said Forecaster E. A. Beals. "A storm of decided character over the Canadian Northwest and a small disturbance is central over Arizona. Freezing temperatures prevailed this morning throughout the interior of (Continued on Page 5)

EXERCISE! THAT'S DOCTOR'S ADVICE

Dr. H. G. Westphal Endorses
Proposed Business Men's
Gymnasium Class

"Pa" Glendale is invited to attend a special meeting tonight at the high school to discuss the organization of a business men's gym class to meet one or two nights a week for exercise suitable to the needs of its members.

Dr. H. G. Westphal, president of the Physicians' club of Glendale, has issued the following statement heartily endorsing the project:

"I am informed that there is connected with the night school department of the high school a business men's club of physical culture. "This is an enterprise that should be brought to the attention of every business man in Glendale and supported by them.

"I am sure I am voicing the sentiments of every member of the Glendale Physicians' club when I say that a large majority of our ailments are due to personal neglect and, if every individual spent a certain amount of time-training and developing the different parts of his body, it would make him more efficient and less liable to disease.

"Many times large sums are paid to establishments and long distances traveled to obtain just what we have at our very doors.

"I hope that the business men of Glendale can realize the benefit and support this class and make it a benefit to every individual who needs its services.

"So often physicians are desirous of just such a class for the benefit of their patients and I trust this one will be made a success."

Federated Aid Will Meet Friday Morning

The Federated Aid society of Southern California will meet at the Presbyterian church at 10 o'clock Friday morning, January 20. The moderator of the general assembly of the Presbyterian church, Mr. Swearingen, will be the speaker.

Miss Winifred Hausam to Speak at Banquet of Business Women's Club; She Will Talk on Vocational Guidance, Placement Work

—Photograph through courtesy of Pasadena Star-News

Miss Winifred Hausam, in charge of county and state vocational guidance and placement work for the federation of business and professional women's clubs, who will speak at banquet of Business and Professional Women of Glendale at Chamber of Commerce on January 24.

Extensive plans are being made by the members of the hospitality committee of the Glendale Business and Professional Women's club, of which Mrs. Margaret Biggs is president, for the first banquet to be given by that organization, which will take place shortly after 6 o'clock on Tuesday night, January 24, in the Chamber of Commerce banquet hall.

As one of the prime objects of the federation of business and professional women's clubs is that of vocational guidance and placement work it is quite appropriate that one of the principal speakers for the evening will be Miss Winifred Hausam, who is in charge of the county and state vocational guidance and placement work for these clubs and who has so successfully organized and conducted the work in Pasadena for the past two years. She will tell about how this work can be organized and results accomplished along similar lines in Glendale.

Miss Hausam spent ten years in California before going east to take up work in the Federal Employment Bureau in New York City and is declared to be conversant with California conditions and requirements. She is able to blend the results of her work at Columbia university, the Federal Employment service and her studies at the Chicago university with her knowledge of California needs and thus render a vital service. The work of the bureau is divided into three sections: One-third being office help, one-third household and hotel and one-third professional and miscellaneous, which will be explained by Miss Hausam.

Mrs. May Myton, chairman of vo-

national guidance and placement work for the Glendale Business and Professional Women's club, and the members of her committee, which includes Mrs. George U. Moyse, Mrs. Alma J. Danford, Miss Margaret Cross and Mrs. Caroline B. McFarlane, are completing plans for work to be conducted in Glendale.

Another speaker of interest will be professor H. J. Stonier of the College of Commerce and Business Administration of the University of Southern California.

His subject will be "Employment As a Community Effort." Professor Stonier is also secretary of the Employment Managers' association of Los Angeles. For several months during the past year he has traveled in the eastern part of the United States and in Canada to study employment conditions and is well versed to speak on the topic chosen by him.

Miss Lloy Galpin, president of the county federation, and Miss Jane Humphries of the state federation, will be among the out-of-town guests present. There will be members of the city council, Chamber of Commerce and other civic organizations and clubs present. In addition to the speakers already mentioned the entertainment committee has arranged a surprise program.

Reservations for the banquet can be made from Dr. Laura Brown, Miss Warner at the Chamber of Commerce, or Mrs. Beck at the System Dye Works at 109 West Broadway. Club members and their friends are invited to attend.

St. Louis Boasts of Model Rogues' Gallery

ST. LOUIS, Mo.—The "Rogues' Gallery," abolished by Samuel Allender, former chief of detectives, six years ago, has been re-established at police headquarters.

The board decided that a regular up-to-date gallery is part of a well-organized police department and the one for the St. Louis department is one of the largest and the best in the country.

In abolishing the "gallery" when he was chief, Allender said it filled with the pictures of men, some of them never convicted, serving as an influence against reformation.

The "gallery" was abolished and the photographs filed in cabinets.

The new 1922 model "gallery" ordered for the present system is in enlarged, rigid book form, hung on hinges. The frames form leaves which can be turned from left to right so that pictures can be placed back to back and exhibited on both sides.

There are now 30,000 or more photographs and descriptions of known crooks in the files of the Bertillon Bureau at headquarters. The board decided to have these gone over by experts and of these a selection of 12,000 faces made. These 12,000 will include the most notorious crooks and the ones who have come to the attention of the police of late years. Men who would now be too decrepit or infirm to lead a criminal life will not be shown. This 12,000 will be augmented from time to time by photographs from the local gallery, taken here, and by pictures and descriptions sent here from the National Bureau of identification.

What to Do When You Have Bad Cold

LONDON—"When you sniff, always smile, and always smile whether you are sniffing or not," said Sir James Dundas-Grant, nose and throat specialist, at the Y. M. C. A. Other points of advice were:

Never scratch your ears.
Don't use nasal douches too often.
Gargle the throat as often as you like.
Cough as silently and as little as possible.
Keep away from cold when the throat is sore.
"When you've a cold in your head," added Sir James, "stand in hot water and sponge with cold water."

J. C. SHERER STATES HIS OPINIONS ON SEWER MATTER

Makes Some Suggestions on
Puzzling Problem; Glendale
Position Is Outlined

J. C. Sherer submits the following communication relative to the city's sewer problem:

Editor The Evening News—Greatness has its penalties, or in other words, we can't get anything worth having without paying for it in one way or another. The people of Glendale are properly proud of the growth of their city, but from time to time they are reminded that pride goeth before expenditure, and here we are up against the proposition of spending a very large sum of money for a sewer system. How large a sum, no one can at present approximate, but one thing may fairly be assumed, that is that we shall probably be bonded to the limit, not by the first, but by subsequent bond issues. And, when this is taken in connection with the fact that the expenditure for schools promises to also go to the limit, the situation from the financial point of view alone is sufficiently serious to be faced resolutely with a desire to make no mistakes.

Not by Annexation

There are those who would at one fell swoop plunge us into the Los Angeles political pool in which the heads of local statesmen may barely be discerned as they bob above the surface here and there in a frantic effort to swim out of difficulties which are certainly serious enough and which no wise man would willingly plunge into. Our sewer problem cannot be solved by annexation to the larger city which is floundering desperately as it struggles in the same direction. So let us at the outset get rid of the questions, do we need a sewer system and can Los Angeles furnish it, by specifically answering yes to the first and no to the second query. As long as water shows a preference for a down-hill course and scientists are unable to resolve it into its original elements on a wholesale scale, it must find its way to the ocean except as to that part of it which is lost by absorption in the soil and by evaporation. This being the fact, Glendale may as well begin by assuming that the liquid sewage of the city must find a way to the sea, directly or indirectly.

Another thing that, it appears to the writer, may as well be assumed at the start, is that the raw sewage must be scientifically treated; primarily that it may be handled without offense or injury to the community and secondarily that the value in it for fertilizing purposes may be conserved.

Says It Will Fail

The idea that the liquid sewage may be used for irrigation and thus consumed, is an attractive theory but will not work out in practice. For a short period in the summer when irrigation water is in demand considerable of it could be so used, after a distributing system at considerable expense had been provided; but the accumulation for the remainder of the year would have to be stored (for months in reservoirs of great capacity). A municipal sewer farm has theoretical attractiveness, but in practice is likely to be a white elephant of immense proportions.

If Glendale were the only city in this section with the Los Angeles river at its command, the sewer problem would be comparatively simple. It would then be merely a problem of rendering the sewage innocuous and turning the water into the river. But even if the city of Glendale agrees to treat its sewage scientifically and deprive it of offense, it is yet uncertain as to what the State Board of Health will decide on any application we may make looking toward making the river channel a place for sewage disposal. And yet, why should not the state authorities grant this permission (assuming that the sewage is properly treated), if it is true that science makes the product of its treatment harmless?

And to pursue this idea to a practical result, why should not the city of Los Angeles find a solution for its sewer problem in the conversion of its sewage into harmless elements. The solids to be utilized for fertilizer and the innocuous liquid be turned its natural course to the sea?

Proposes Unit Plan

In granting that Glendale needs a sewer system it does not follow that a general system needs to be installed immediately for the entire city. A start is being made to meet the demands of a restricted district in the business section, but there are portions of the city that will not be in need of any works for sewage disposal for five years to come. It follows, therefore, that a general plan should be made looking far enough ahead to provide for any reasonable contingency, but that the actual work done should be in the nature of a progressive policy, the expense being provided for equitably from time to time to cover new districts as they may need to be taken in. In a general way the expense of anything that may be needed for the general system, such as land, main pipe line, etc., should be met by a bond issue of the entire city, but the district territory should be financed by the territory immediately benefited.

One of the first expenditures for this general system will be for land in a suitable locality, in acreage sufficient for the purpose but not in excess of actual requirements. In the opinion of the writer, the city does not want either a sewer farm or a public park in connection with sewer reduction works, although either of these purposes might be incidentally served in a small way in connection with the project. How much land may be required will have to be determined by experts, but the idea of

obtaining some 300 acres seems at the present to be wildly extravagant.

Would Not Be Difficult

If the land must be condemned, it certainly will not be required that more be taken than the necessities of the case suggest. If it is true, as we fondly believe, that by scientific treatment the sewage can be deprived of offense, there would seem not to be any necessity for a greatly enlarged safety zone in the atmosphere surrounding the plant, the said atmosphere being measured in acres. If Glendale provides the place and the plant and demonstrates that it is in no way a nuisance and that the liquid effluent is strictly inoffensive, the problem of disposal of such liquid should not be a difficult one, and the possibility of permission being obtained to turn it into the river would seem to be transformed into a probability.

Whatever action may be taken by the county supervisors or by other municipalities looking towards getting together and acting as a unit in a general way, Glendale will still be required to act independently in the most important requirements of the situation. The plan of a huge outfall sewer to be connected with by the various municipalities to carry the raw sewage to the sea, which plan will meet with favor in some quarters, appeals to the writer as being too archaic for serious consideration. provided, of course, that our scientific engineers are not deceiving us when they claim that it is practicable to render sewage inoffensive and even valuable. In buying land for the proposed reduction works, it is quite possible that arrangement might be made with the city of Burbank to go into partnership in the investment, as it would seem that land could be secured so situated that it would answer the purpose jointly of the two neighboring cities.

and from the California Academy of Music, which has offered one year's enrollment for winner of high school age in their course in voice, violin or piano, and one year's enrollment for winner of grammar school age in piano and theory, each course valued at \$250.

Other prizes will be announced when plans have been formulated by the prize committee.

It was stated that a campaign for the list of records recently announced in The Glendale Evening News would have to be conducted in order to assist in the contest. Miss Bronneman announced that it would be necessary to have seven complete sets of records for the grammar schools.

Where to Leave Them

Those wishing to donate any of these records may leave same at the Business Women's headquarters in the Coker & Taylor building on Brand boulevard near Harvard street. These records will later be turned over to the circulating library for use in the rural schools of the state. Mr. Salmacia of the Glendale Music company and Mr. Shuck of the Loomis-Shuck Music company stated that the compositions to be used in the contest will be played every day at their places of business. Mrs. Mattison B. Jones, president of the Glendale Music club, announced that the theatres have offered to cooperate by having the compositions played and announced on the screen.

As soon as the sets of records have been completed and announced will be made as to the exact date of the beginning of the music memory contest.

Coach Howard Butterfield's scantly clad basketball athletes of the Glendale high school heavyweights have put in a week of diligent practice since last Friday's overwhelming defeat of the hands of Monrovia in an effort to prepare themselves for tomorrow's league contest with the Covina casaba artists.

The game, which will be the second in the Central league season, will be played on the local court and is expected to attract a large crowd of rooters.

The fact that the battle will be staged on the gymnasium floor will be an argument in favor of the locals, as practically all of their practice has been confined to indoor work.

The loss of the first game could be largely contributed to Glendale players' unfamiliarity with the conditions encountered on an open air gravel court.

Tomorrow's game will start promptly at 3:45 o'clock.

At the regular meeting of the Mutual Benefit Reading Circle, which was held yesterday at the library with Mrs. A. A. Barton presiding, rectice last Friday's overwhelming defeat of the hands of Monrovia in an effort to prepare themselves for tomorrow's league contest with the Covina casaba artists.

Several of the books on this list were suggested by the Circle. Review of newspaper articles on the question recently discussed at the Elbel Club of Los Angeles, and which was also under discussion at the last meeting of the reading circle, on "Is the Girl of Today as Bad as She is Painted?" were read by Mrs. Barton.

Mrs. Harshbarger read an article by Stewart Edward White. The reading of the book on "Moral Education" was continued by Mrs. Barton.

Mrs. H. V. Henry read an article on "The Woman's Own Job, the Child," by Ida Clyde Clark.

BOYS ON BICYCLES RIDE HARD BUT GET NOWHERE

Prizes Awarded Those Who Display Most Speed Yet Stay Perfectly Still

"Hey, Skinny!"
Three Glendale youngsters today are showing their "gangs" trophies just received as the result of bicycle races Tuesday afternoon and night at 111 South Maryland avenue in front of "Bill" Pfeiffer's Cycle shop.

The fact that the street in front of the establishment was torn up made no difference. The rumbling sound that came from that vicinity during the occasion did not indicate either another earthquake or another revolution in Mexico. It was caused by a boy riding a bicycle at breakneck speed—over three wooden rollers of a treadmill over which a new racing Dayton bike was mounted.

A speedometer attached registered the amount of speed developed. No matter how hard the kids pedaled, they never got anywhere.

These Awarded Medals
Meredith Wilson, of 226 North Adams street, was awarded a "silver" medal for first place, having made a mile in one and three-quarter minutes in the final test and gone 1.6 miles in three minutes. The same score was made by Edward Wolbach of 319 Orange Grove avenue, who was awarded a bronze medal. In the trial he made 1.7 miles in three minutes. A cyclometer was awarded to Floyd Craft, 1209 East Lexington drive, as third prize. He made a mile in one minute and fifty seconds and rode 1.7 miles in three minutes.

Other boys who participated in the races were: Carl Bauersfeld, 212 North Sierra Vista avenue; Clarence Albrecht, 4319 LaCade avenue; David Lynd, 456 West Doran street; Donald Elliott, 539 East Elk avenue; and Lee Rombeau, 1313 South San Fernando road.

Glendale Heights

Is Proving Popular,
Says Guy Wilson

One tenth of the entire property sold in two days! That is the record for the new residential section, Glendale Heights, which had its pre-opening Sunday. That a new select housing centre is shortly to be added to the "Wonder" city; and that local people are among the first to grasp its possibilities is evidenced in the fact that over two thirds of the sales thus far were made to Glendale people, according to Guy Wilson, local representative of the company, who sold the tract to the present owners.

Henry Michel, the builder, who has built over 200 houses in Glendale, and his brother, Dick, were among the first buyers. They took over a "string" of lots and will begin the erection of several houses thereon shortly.

Several men prominent in other lines of business have bought with the announced intention of building, and these coupled with the statement that the Haddock-Mibley Co., owners of the property are to inaugurate an active building campaign gives evidence of the fact that a veritable building "boom" is soon to characterize this section.

Lon J. Haddock, president of the Haddock-Mibley Co., has had a wide experience in subdivision work, and he is responsible for the statement that Glendale Heights when completed will be one of the most attractive residence sections in the state. The property is being laid out in winding streets, following the contour of the gently sloping hillside, with less than a ten per cent grade to the highest point. The streets are to be improved with suitable curbing, cement walks, etc., and arrangements are already under way for the installation of the gas, water and light.

"Lots have been selling so fast that our engineers have been kept too busy staking off the boundaries, to get out the street grade for us," said Mr. Haddock. "I never have seen such a response to the opening of a tract in all my experience. It shows just how fast Glendale is growing, and what a terrific demand exists for modest home property."

The company expects to have the street work under way and the entire property staked off ready for the formal opening Sunday, January 29.

COMMITTEES WILL MEET
Two committees of the Chamber of Commerce of which Mrs. M. L. Ticht is chairman will meet today. The first committee goes into session at 4:30 o'clock to arrange for final settlement of all bills, while the membership committee will officially start its year's work at 7:30 o'clock, all members to be present.

TO BUILD DUPLEX HOME
Mr. and Mrs. A. J. Harrison, who have been residing temporarily at the home of their son, Mr. and Mrs. H. A. Harrison, 221 West Lomita avenue, are going to have a duplex house built at 115 West Chestnut street.

LATEST PICTURE BY DECLARES FILIPINO BRADBURY TWINS CIVILIZED; SEEKS AT GLENDALE INDEPENDENCE

Local Lads to Give Preview Tonight; Eugene O'Brien in 'Clay Dollar'

Say, boys! Page Bob and Bill Bradbury, your mutual friends, who will have a preview of their latest release, "The Adventures of Bob and Bill" at the Glendale Theatre tonight.

During their idle moments these twin sons of Mr. and Mrs. R. N. Bradbury of 519 North Louise street are taken to the wilds by their director-father and there they make some of the thrilling tales you ever saw told in pictures.

Almost everyone in Glendale knows the Bradbury boys, who are advertised as twin brothers, although they don't twin very much. One will usually be found getting his puttees shined while the other is skating around on a wheel or an auto cycle.

Their work is their life and their life is their work—so you will see two natural, active young Americans in action at the Glendale Theatre tonight. But they are not the only attraction. Oh, no! Besides the usual run of films there will be a stellar picture well worth seeing alone.

Eugene O'Brien, supported by Ruth Dwyer, will be seen in the light comedy drama, "The Clay Dollar." While this is a slight change in the scheduled program for today, the picture has the same star and is said to be on a par with "Gilded Lies."

Fine Residence Sold to Mrs. C. M. Frazier

Mrs. C. M. Frazier, wife of Attorney Frazier with offices in the Flower block, has purchased the beautiful close-in residence on the northeast corner of California street and Columbus avenue from B. F. Duryea of 634 East Lomita avenue. It will be the home of Miss Jessica Colvert, daughter of Mrs. Frazier, who is widely known in musical circles. She is in the north at present. This deal was accomplished by a classified advertisement in The Glendale Evening News—just one of the many proofs that it pays real estate men richly to use these columns.

Bible Class Secures Results by Advertising

Seven men responded to the invitation to attend the men's Bible class in the city hall last Sunday, according to officials of the organization, as a direct result of observing an advertisement which appeared in Saturday's edition of The Glendale Evening News. Keith L. Brooks is the teacher of the class and Rev. W. E. Edmonds declares that he is an exceptionally fine leader. Present officers are: W. A. Horn, president; G. F. Snyder, vice-president; and Glen Porter, secretary.

Harmony Is Brought With Classified Ad

Phil Dillinger of Dillinger's Jazz orchestra says it pays to advertise in The Glendale News. When the members of the organization decided that a saxophone player was needed to complete the harmony, one member remarked that "if Merle Budd only were not in the navy, he would be just the one." They advertised in Monday's issue of The Glendale News and the first answer received was from Merle Budd, who was discharged from the navy a short time ago. Merle practised with them on Tuesday night.

Glendale Shrine Club Gives Informal Dance

The Glendale Shrine club's informal dance last night was the first held in the new ballroom of the Chamber of Commerce. A large number of well-known residents and members of local society were present. Among the men, the Shriners were conspicuous by their red fezes. C. E. Neale and Julius Krantz, president and vice-president of the new organization, composed a reception committee. Dave Crofton, W. A. Reynolds and Dr. H. R. Boyer of the good cheer committee also were conspicuous.

CHIEF IN PRIVATE OFFICE

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Menthosulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place. Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Menthosulphur at any drug store.—Advertisement.

REAL 'FIRE DRILL' TAKES PLACE AT INTERMEDIATE

School Furnace 'Smokes Out'
Pupils; Fred Springer Is
'Hero of the Hour'

"Ma" and "Pa" Glendale were re-
galed last night by vivid accounts of
the fire yesterday at the Intermediate
school.

Without excitement, pupils re-
sponded promptly to the alarm, de-
scended in orderly precision on the
exterior fire escapes or marched
through the smoke at the west and
east end of the main corridor on the
first floor.

Fred Springer of 1142 South
Adams place was the hero of the
hour. It was he who turned in the
alarm and helped quench the flames
despite the fact that his hair had
been unpleasantly singed.

Fire in Furnace Room
The fire was confined entirely to
the furnace room near the north-
west corner of the basement. The
motor, which drives the oil into the
furnace, stopped. The fire went out.
Then the furnace filled with oil.

When Mr. Springer, school janitor,
started the motor again, the friction
developed suddenly ignited the oil.
A fiery blast was belched forth
through the furnace door into the
furnace room. However, the flames
were soon extinguished.

After that, there was little evi-
dence of the conflagration beyond
the voluminous clouds of smoke
which ascended to the main corridor.

Two Big Pictures Will Be Presented on T. D. & L. Screen

Two of the really "big" picture pro-
ductions are scheduled to be pre-
sented at the T. D. & L. Theatre
shortly by Ralph Allan. They are
"Just Around the Corner," the suc-
cessor to "Humoresque," by Fannie
Hurst, a Cosmopolitan production,
and "The Lotus Eater," with John
Barrymore, directed by Marshall Nel-
lan.

Speaking of these two pictures
Ralph Allan had the following to say:
"Just Around the Corner" has one
of the most appealing stories ever
told. It tells of a poor family living
on the east side. Not only is the nar-
rative of the Birdsong family ex-
quisitely touching, but it is replete
with humorous situations.

"The Lotus Eater" is unusual for
a large variety of reasons, but
chiefly because of the talent which
has been employed in its production.
The name of Barrymore, or Neilan
alone on the picture is sufficient evi-
dence that it is extraordinary. Al-
bert Payson Terhune, one of the most
popular of novelists, wrote the story
and George Ade, the humorist, wrote
the subtitles.

"I enjoy the opportunity of ex-
hibiting such pictures to the people
of Glendale, feeling certain they will
think the same of them," Mr. Allan
concluded.

BIG BANQUET WILL BE HELD TO AID SCOUT COUNCIL

Date Is Friday, January 27,
and Many Features Will
Appear on Program

(Continued from Page 1)
out in full force and it is expected
that every seat will be taken.

Artistic Program
An unusually attractive and en-
tertaining program has been arranged
by the committee handling the ban-
quet. One would have to travel a
long way to find a more talented
pair of song birds than Spencer
Robinson and Harry Girard who are
scheduled to give their usual high
class entertainment of songs.

Anyone who has heard Harry A.
James, the English entertainer and
monologue artist, knows of the ex-
cellent quality of artistic ability with
which he surrounds himself.

If a better orchestra can be pro-
duced than the one which William
Bodie directs the committee has yet
to see it and those who have heard
these harmony kings will need no
second invitation to come and hear
them at the best.

The men especially selected to ad-
dress the gathering are all good
speakers and make a strong combi-
nation. They include Stuart W.
French, president of the Pasadena
Boy Scout Council; E. B. DeGroot,
Scout Executive of the Los Angeles
Scout Council; and Charles B.
Guthrie, chairman of the committee
on finance of the Verdugo Hills Dis-
trict Boy Scout Council.

Need Communities' Support
Glendale is the pioneer city in
scouting on the Pacific Coast. It
was in this city that the first troop
of Boy Scouts in California was or-
ganized some eleven years ago. In fact
Glendale introduced Boy Scouting to
the "land of Golden Sunshine." It is
no wonder that some of the most in-
fluential men in the community have
organized a first class council.

These men have seen the great
work that scouting does. They have
visualized the great good that will
come of a properly organized and
disciplined body of boys who have as
their highest ideal their duty to God
and the doing of a kind act to some-
one daily. Such an organization is
essential to any community. Glen-
dale needs these right living, clean
thinking boys and will get back of
the newly organized council with the
same enthusiasm and vim with which
it attacks anything that is for the
city's welfare, it is predicted.

Youth is the time to study wisdom;
old age the time to practice it.—

URGE PARENTS KEEP BETTER WATCH ON YOUNG PEOPLE

Members of Union High School
P.-T. A. Pass Resolution
Asking Co-operation

(Continued From Page 1)
and in upholding the majesty of the
law was also emphasized.

The fact was also brought out dur-
ing the discussion that a number of
the infringements by the high school
students was due to the carelessness
of some of the students in inadver-
tently placing temptation in the way
of others.

Keeping Bad Company
Following the adoption of the res-
olution, George U. Moyle, principal
of the high school, stated that those
in authority are beginning to find
that some of the evasions of the rules
are the result of the company in
which the students travel. A num-
ber of the parents are not aware of
the kind of persons their children are
associating with, or where they are.
He advised the people at home to
keep a better check on the chil-
dren.

G. Lockwood, instructor at Glen-
dale High school, stated that the con-
dition among students at Glendale
High school is not only local but
prevalent in the high schools
throughout the country. He also
agreed with Mr. Moyle in regard
to the associates of the students
and of the importance of the parents
in knowing where their children are.

Not Local Condition
W. Hertzog of this city, who is an
instructor at Hollywood High school,
also substantiated the statement
that it was not a local condition but
was also in evidence in Hollywood
High school and other high schools.

He stated that the average parent is
more interested in the material in-
stead of the spiritual and ethical side
of life, and was, in fact, seemingly
interested in everything except in
trying to develop the characters of
the boys and girls. He stated that
when the parents endeavor to put all
of the responsibility of the home on
the teachers and the school that
something was wrong. The teachers
are doing their part, he stated, and
wanted the co-operation of the par-
ents.

GLENDALE AVENUE FOLK WILL MEET

Property Owners Determined
Salt Lake Branch Must
Electrify or Quit

Residents of Glendale avenue are
determined on one of two things.
The Union Pacific must either
electrify its Salt Lake branch line or
remove it from Glendale avenue as
a steam freight line.

There is a political aspect to this
matter, according to Attorney
Harry C. Levey, president of the
Glendale Avenue Improvement as-
sociation, and this will be brought
out at the meeting to be held in the
city hall tomorrow night.

It is planned to have those present
at the session to demand council-
manic action in the matter of get-
ting consideration from the railroad.

"We are tired of waiting, refuse to
listen to rumors, want to start things
in the vicinity of Glendale avenue,
the most beautiful residential
thoroughfare of the city," said Mr.
Levey. "All those interested are in-
vited to be present tomorrow night
and lend their voice in solving our
problems."

ARM BROKEN AT DANCE
ELYRIA, Ohio—Charles Flood
was dancing with an exceptionally
fleshy girl. One, or the other,
tripped. The girl landed on Flood's
arm. She escaped uninjured, but
one of Flood's arms was fractured.

COLD TONIGHT AND HEAVY FROST IS PREDICTION

No Damage Done Vegetable
or Citrus Crops; Reports
From Other States

(Continued From Page 1)
Northern California and zero tem-
peratures occurred in Nevada, Idaho
and the eastern portions of Oregon
and Washington.

"Conditions are favorable for fair
weather in this district tonight and
Friday with continued cold weather.
Storm warnings for strong northerly
winds are continued along the Cali-
fornia coast."

Merced reports a temperature of 15
above this morning; Mount Wilson
the same, and at Chico it was 17
above.

Cold In Colorado

DENVER, Colo., Jan. 19.—Rising
temperatures are promised today by
the weather bureau for Denver and
the Rocky Mountain region which
have been in the grip of the severest
cold wave of the winter for the past
twenty-four hours, with thermom-
eter readings ranging from 8 below
zero in this city early this morning
to 36 below at Worland, Wyo.

Winter's Worst Blizzard

FORT WORTH, Tex., Jan. 19.—
The winter's worst blizzard struck
here early today. Snow and sleet
are reported through the Pan Han-
dle and a minimum temperature of
19 degrees above zero around Fort
Worth and Dallas. Thus far no
damage is reported. Trains were
maintaining schedules and livestock
were not suffering.

Snow In Nebraska

LINCOLN, Neb., Jan. 19.—Ne-
braska awoke today under a blank-
et of three inches to two feet of
snow. The mercury ranged from
zero at Lincoln to 12 below at Alli-
ance. A north gale swept the state
throughout the night. Delayed
trains are the only damage.

Cold to Continue

PORTLAND, Jan. 19.—The Pa-
cific Northwest is still in the grip of
the coldest weather of the winter
today, with Wallawa, Ore., holding
the record for the lowest tempera-
ture, 40 below zero. The weather
bureau predicts continued cold
weather.

RAID BANK; MONEY TAKEN

WINNIPEG, Man., Jan. 19.—Ban-
dits entered the Manitoba Govern-
ment Savings bank here, locked up
the bank staff in an ante-room and
raided the open vault of from \$5000
to \$10,000. The bandits escaped in
an automobile and posses are in pur-
suit.

Perfection of Service

Such business experts as John Wana-
maker, James Walden, and Albert
Sheldon, agree that an ideal is the best
asset of a business organization. We
have purposely set our standard so
high that we are compelled to struggle
to attain and maintain it.

From the dignity of our establishment
and motor equipment to the high char-
acter of our personal service, any mor-
tuary service conducted by this firm is
as near perfect as it is possible for our
years of experience to make it.

Watching R. R. Commission Forecast Unsettled
Another Police Shakeup
'Near Beer' Vote Voice

By Gil A. Cowar

WHILE civic organizations are considering the advisability of circulating petitions to abolish the state railroad commission, that august governing body sends The Glendale Evening News a lengthy statement defending its decision in the matter of Pacific Electric rates.

Everyone appreciates there are some very wise men serving as members of the commission; for instance, Harley W. Brundage and Chester H. Rowell, formerly heads of newspapers in this state. The others are equally intelligent and well informed.

But, as it was pointed out yesterday noon at the Rotary luncheon in Pasadena by Harrison W. Hall, a Babson statistician, the increased rates should have been granted two years ago where they were justified. There is an old saw about "better late than never," which might apply in the commission's case, if it were not for the fact that there is no reason now why Glendale should pay more.

Admittedly the Glendale line is a money-maker for the Pacific Electric. The upkeep and rolling expense is comparatively light. Wages are no higher. Passengers are more numerous. Service somewhat strained by additional trains, belt line, etc. Station facilities and 101 things the same as they were years ago.

Wonder if the rail board is not subject to error? What will be their attitude January 24? Glendale people are interested. Many of them will be at the assembly hall in Normal Hill center at the appointed hour.

If you felt chilly this morning, just remember there were freezing temperatures from where the lazy Mississippi flows on west to the Pacific's shore. In the northwest the shiver is a regular "shimmy" while northern Californians are diving into their San Francisco, cliff dwellings to keep away from the gale. The official forecast is unsettled. A little rain might settle it.

Again there is a shakeup in the Los Angeles police department. Because many of the detectives have been negligent in preventing crime, practically every man in the department under Chief James W. Everington is awaiting to hear his fate, scheduled for announcement today.

An effort will be made to place every man where he is of most value. Now it is suggested that the most value be obtained from many officers is to place them on the junk pile and strip their uniforms for the buttons thereon. Just why anyone is so harsh as to say that, no one knows. Perhaps their house was robbed, or was it their storeroom?

This latest Los Angeles shakeup may be for the better. Here's hoping! But the best medicine for a policeman, or any other official, is an enforced vacation.

The bungalow theatre which has been used by Hollywood for community drama is taboo with the fire commission of the city. Must have a fireproof structure is the edict.

There's one advantage of residing in Glendale—no Los Angeles. If you want to have anything, or do anything, or learn anything, you don't have to hike over to Second and Broadway and have your toes trod upon by such a representative group of citizens as usually serve on the Los Angeles council.

A Los Angeles councilman is representative because he represents everything except any one particular district. Were Glendale a part of Los Angeles it would have a "near beer" vote in the government—three and one-half per cent of the total vote.

Wonder if workmen know that: An ounce of gold purchases 17.22 hours of labor in the United States, 50.16 hours in Britain, 95.50 in Japan, 117.31 in France and 201.66 in Germany. Sounds good, but if America expects to export its manufactured products, those 17 hours will have to be 1000 per cent efficient to equal Heinie.

Now that Duke P. Kahanamoku intends forsaking the ranks of amateur competition by turning "professional," the interesting question arises: Will he ever swim another stroke in an actual race?

Several times during the past few years rumor has had it that the world famous Duke Kahanamoku was about to turn "professional," but each time Duke has personally denied the rumors and he has continued as a "lily white amateur."

Competition "with or against" professional swimmers is not the act which will debar Kahanamoku from the amateur ranks. The A. A. U. laws debar an athlete as a swimmer when they take money for their ability as a swimmer on the stage or in the movies. The powers that be in amateurism consider that a theatrical contract "commercializes" the ability and reputation of the athlete.

As far as competition against professional swimmers in this country is concerned, Duke would starve if he depended on such competition to earn a living, and he knows it. There is a chance of his making a few dollars in professional competition if he goes to Europe, but that thought is not in his mind at the present time.

The fact of the matter is Duke is contemplating going into the "movies," and another world famous swimmer, Oscar Henning, has agreed to undertake the management of Kahanamoku in this connection. Henning gained fame in the 1912 Olympic games at Stockholm by winning, as a representative of Sweden, the first heat of the 400-meter breast stroke and then taking second to Bathe of Germany in the final. It was at this series of events at Stockholm that Duke Kahanamoku and Henning first met and their friendship started. Since that time Henning has been a resident of Honolulu.

Henning is now in San Francisco arranging the details of Duke's advent into the movies. Manager Henning has outlined an elaborate plan which will make Kahanamoku as world famous on the screen as he is a swimmer, and if the plans go through, it is quite possible that Kahanamoku's "pictures" will be as much sought after throughout the world as those of Doug Fairbanks, Tom Mix or any of the other athletic screen actors who do their "dare devil stunts" on land. Kahanamoku will do his in the water.

The pictures are to be taken in the Hawaiian Islands and should prove a remarkable world wide advertisement for the "Paradise of the Pacific." The plans of Henning are the floating of a corporation of \$750,000. He will engage an "All Star" cast to support Kahanamoku, and already the name of one of the world's most famous woman screen stars has been mentioned to "play opposite" Kahanamoku as the heroine. A special story is to be written based on Hawaiian mythology and folk lore, and Henning will have the story properly dramatized for screen purposes.

Northwestern golf courses were given praise by Jack Hutchinson, who stated that many of them compared very favorably with the best to be found in the middle west and east. He stated that he considered the grounds well bunkered and that the greens were first-class.

It is more than likely that Jack will say nice things also about the California links. He has been having a lovely time and everybody has been lovely to him. The fact of the matter is, however, that coast golfers themselves realize that certain defects in course construction along the Pacific has had something to do with the absence of top notch golfers from that section in national layouts do not accomplish.

Editors are being made to remedy this defect. Links are being reconstructed with a view to bringing out the best there is in a player, something which it is claimed the present layout do not accomplish.

We have been reading some of the articles that Champion Jack Dempsey is writing on the subject of boxing for a newspaper syndicate. One cannot help but remark that as a writer Jack has grace of expression, an extensive vocabulary of words and a fine faculty of nice description, which simply goes to show that no matter how crude one may be in speech, it only takes a typewriter to supply the defects.

heavy toll of life lost on the athletic field, it sinks into insignificance when compared with the thousands who are killed each year through the instrumentality of the automobile, or the hundreds who perish because they are unable to swim, during the summer months. During the three summer months there is not a day passes but from a half dozen to a score of lives are lost throughout the country in the rivers, lakes and beach resorts of the land.

Many a careful driver has been the innocent victim of the reckless automobilist. You can't tell what the other fellow is going to do, but there is no excuse for every boy and girl in the country not learning how to swim for their own self-preservation and possibly as a means of saving some other life.

One old ring follower gives it as his own personal opinion that Jack McAuliffe, Kid Lavigne, Joe Gans and Benny Leonard form the greatest quartette of lightweight boxers the world has ever known. It is not likely that anyone will argue that the combination presented is about as formidable a one as could be picked. It is when these fellows get to naming just one man as the best of all time that useless arguments start which never can be satisfactorily settled. This business of picking them in groups is more likely to get us somewhere.
